

Product Data Sheet

GARDALL[®] SPRAY SEAL

DESCRIPTION

- A clear Acrylic resin solvent-based sealer for use on clay and concrete pavers and spray-on paving.

BENEFITS

- Enhances the colour of the paving surface.
- Reduces efflorescence (white powder on surface).
- Improves stain resistance.
- Makes the surface easier to clean.
- Contains additives to resist mould growth and UV light.

RECOMMENDED USE

- Concrete and clay paving, spray-on decorative paving coating, concrete and brick walls.

BASIC DATA

- **APPLICATION:** Can be applied by spray, roller or brush. Apply evenly over the entire surface. When spraying avoid open flames, windy conditions and other situations where over spray may carry onto other surfaces. Gardall[®] Spray Seal should be applied at an ambient temperature in the range of 10°C to 35°C and when rain is not expected within 4 hours of application when applied outdoors.
- **OVERCOATING:** Gardall[®] Spray Seal can be re-coated after drying for 1 hour at 25°C.
- **COVERAGE:** Apply at the rate of 15-20 square metres per litre.
- **CLEAN UP:** Use Gardall[®] Brick Sealer Solvent.
- **GLOSS LEVEL:** Available in gloss and matt.

SURFACE PREPARATION

- All surfaces must be clean and free from loose materials, dust and mortar droppings.
- Stained, dirty or moss covered surfaces need to be cleaned thoroughly.
- **SURFACE MUST BE COMPLETELY DRY BEFORE APPLICATION.**

INSTRUCTIONS FOR USE

- Apply one coat of Gardall[®] Spray Seal and allow to dry.
- Apply second (or further) coats to achieve required finish.

SAFETY

- **KEEP OUT OF REACH OF CHILDREN.**
- Read the Material Safety Data Sheet.
- Ensure the work area is adequately ventilated. Avoid breathing the vapour or mist spray - wear an approved respirator if working in a confined space.
- Avoid contact with skin and eyes by using gloves and eye protection when pouring or using.

- Keep away from sources of ignition (No smoking or naked flames).
- Do not pour left over paint down any drains. Keep unwanted paint in sealed container for disposal via special waste disposal collections.
- **FIRST AID:** If swallowed, **DO NOT** induce vomiting – give a glass of water and seek immediate medical assistance.
If in eyes, rinse with lots of water for at least 15 minutes – seek medical assistance.
If skin contact occurs, wash with warm soapy water – contact a doctor if irritation persists.
